

DIPLOMATS ASKED TO SEE NEW CARS AT SHOW THIS WEEK

Invited to Attend Exhibit of
The Smart Closed
Models.

Embassies' staffs yesterday received invitations to attend the closed-car salon being held this week at Convention Hall by the Washington Automotive Trade Association.

It is expected that a majority will take advantage of the invitation, as the show will afford the diplomats an opportunity actually to see what is in vogue in American closed cars makes this year. For the past two years, it is understood, American cars have been fast becoming popular with foreign motorists.

An unusual sales boom will result from the show, according to Rudolph Jones, chairman of the show committee. Despite the rain last night, the hall was virtually flooded with patrons. Many of the society set were present, bringing with them the younger folks, who utilized the upper balcony for dancing.

A surprise was given the motor enthusiasts when John Shiloh, 15 years old, of 1355 Irving street northwest, stood on the edge of the balcony and interrupted the salesmen by singing several songs. His appearance was unexpected, but the continual buzz in the hall ceased while he performed.

The largest attendance yet recorded will undoubtedly take place tomorrow and Saturday nights, according to the officials.

THIS WOMAN'S EXPERIENCE

Brings a Ray of Hope to
Childless Women

Lowell, Mass.—"I had anemia from the time I was sixteen years old and was very irregular. If I did any housecleaning or washing I would faint and have to be put to bed, my husband thinking every minute was my last. After reading your text book for women I took Lydia E. Pinkham's Vegetable Compound and used the Sanative Wash, and have never felt better than I have the last two years. I can work, eat, sleep, and feel as strong as can be. Doctors told me I could never have children—I was too weak—but after taking Vegetable Compound it strengthened me so I gave birth to an eight pound boy. I was well all the time, did all my work up to the last day, and had a natural birth. Everybody who knew me what made me strong. I tell them Lydia E. Pinkham's Vegetable Compound. Use this testimonial at any time."—Mrs. ELIZABETH SMART, 142 W. Sixth St., Lowell, Mass.

This experience of Mrs. Smart is surely a strong recommendation for Lydia E. Pinkham's Vegetable Compound. It is only one of a great many similar cases.

GLASS OF SALTS STOPS BACKACHE

If Your Back Is Aching or Bladder Bothers, Drink Lots of Water and Eat Less Meat.

When your kidneys hurt and your back is sore, don't get excited and proceed to load your stomach with a lot of drugs that excite the kidneys. Keep your kidneys clean by flushing them with a mild, harmless salts which stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active. Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys. Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.—Adv.

What Congress Did Yesterday.

SENATE.

Proceedings of November 16.
Met at noon and recessed late last night until noon today.

Resolution accepting report of Newberry committee laid before the Senate and after strong Democratic protest, and after partisan wrangle, passed by a half, during which Republicans were charged with unseemly conduct in presenting for the Senate the report of the committee.

Before the body, Senator Harrison, Democrat, inveighed against the majority, but stood alone in the vote on the motion laying the railroad relief bill aside pending disposition of the Newberry case. 65 Senators voted in the affirmative. Senator Spencer, chairman of the subcommittee which made the investigation, was challenged by many Democrats in his statements that the inquiry had been made exhaustive under sentence for participation in the Houston riot.

Sarah Bernhardt, the French actress, celebrated her 77th birthday recently by appearing in a new play by Maurice Rostand.

Efforts of Republicans to hold the Senate in night session resulted in a Democratic filibuster that continued until 10 o'clock, when the Republicans, faced by repeated quorum calls and motions to adjourn, compromised the situation by a motion by Senator Spencer to recess.

This action was taken after fifty Senators had answered to a quorum call and Senator Harrison, Democrat, had begun discussion of a motion to take up an irrigation bill.

Nominations: Luther Woodin, to be commissioner of immigration at Seattle, Wash.; Ellis D. Brown, Massachusetts, charge d'affaires in Germany, and many postmasters.

Jones, Washington—Enabling the Secretary of Interior to purchase for the United States all the interests and rights of J. A. Patterson under his application for patent of an improvement in envelope printing attachment for adding machines.

King, Utah—To transfer certain national forests from the Agricultural to the Interior Department; also bill to fix standard of work and duty for common carriers, and uniform car rates and class rates for freight between States.

Met at noon and adjourned at 5 p. m. until noon today.

After discussing the Lehigh bill for the entire day, the House adjourned without reaching a decision.

After adjournment, House Leader Mondell announced that a special McWilliams for Commander.

Find Dope Valued at \$10,000 on Man

Police Claim Prisoner Supplied District Peddlers With Drugs.

Nearly \$10,000 worth of cocaine was seized by the narcotic squad yesterday in the arrest of Samuel De Santi, 38 years old, of New York, who police say is at the head of the clique shipping dope into the District. De Santi, who claims to be a broker, was held by Commissioner Hitt under \$5,000 bond for action of the grand jury on the charge of illegal possession.

Headquarter Detectives Evans, Saunders and Rakison made the arrest shortly after De Santi alighted from a train coming from New York. In a brief case carried by him were found two pounds of cocaine in one bulk and 200 packages of a gram each, according to the police.

Members of the narcotic squad

claim De Santi has been making regular trips to the District and selling in all sections, particularly in the northwest. He has been supplying a large number of peddlers, it is said.
